

Safety Data Sheet - Thankyou Mums & Bubs Massage Oil

1. Identification of the material and supplier

All product names:

Thankyou Mums & Bubs Massage Oil 125mL

Supplier details:	Thankyou Group Pty Ltd 92 Rupert Street, Collingwood, VIC 3066 Telephone:
Emergency telephone number:	1300 655 887
Material use(s):	Massage oil
Date of issue:	April 2022

2. Hazards identification

Hazard class/category: *Not classified as hazardous, according to the criteria of GHS, nor classified as dangerous goods according to the ADG Code.*

Hazard statements: *Not classified as hazardous, according to the criteria of GHS, nor classified as dangerous goods according to the ADG Code*

Signal words: None

Precautionary statements:

- General:**

P101	If medical advice is needed, have product container or label at hand.
P102	Keep out of reach of children.
P103	Read label before use.

- Prevention:** No precautionary statements.
- Response:** No precautionary statements.
- Storage:** No precautionary statements.
- Disposal:** No precautionary statements.

3. Composition/information on ingredients

Ingredients, determined not to be hazardous according to GHS criteria, and not dangerous according to the ADG Code, make up the product concentration to 100%.

4. First-aid measures

Eye contact: If this product comes in contact with the eyes, check for contacts and remove, rinse with plenty of running water. Get medical attention if symptoms occur.

Skin contact: If skin contact occurs, resulting in irritation, immediately flush skin with plenty of water and stop use. Wash clothing before reuse. Get medical attention if irritation continues.

Inhalation: Should not occur if directions for use are followed. If fumes or combustion products are inhaled remove from contaminated area. Obtain medical attention if symptoms occur.

Ingestion: If swallowed, do not induce vomiting. Rinse mouth; then drink one or two large glasses of water. Contact a doctor or a Poisons Information Centre (Phone: 13 11 26).

Notes to physician: No specific treatment. Treat symptomatically.

5. Fire-fighting measures

Extinguishing media: Use any extinguishing agent suitable for the situation/location of the fire.

Special hazards: No specific hazard.

Special protective equipment for fire-fighters: Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

Hazardous decomposition products: This mixture is not combustible under normal conditions. However, it will break down under fire conditions and the hydrocarbon component will burn. In a large fire, heating may produce toxic fumes. Wear self contained breathing apparatus and complete protective personal equipment.

6. Accidental release measures

Personal precautions: Clean up immediately.

Environmental precautions: Avoid dispersal of spilled material and runoff and contact with soil and waterways. Inform the relevant authorities if the product has caused environmental pollution (waterways or soil). See section 12 for more details.

Methods for containment and cleaning:

- **For minor spills:** Clean immediately.
- **For major spills:** Clear area of personnel, contain and clean the same as a minor spill.

7. Handling and storage

Handling: No special handling requirements.

Storage: Keep container tightly closed. Keep container in a cool, well-ventilated area.

8. Exposure controls/personal protection

Occupational exposure limits: No exposure standard allocated

Engineering measures: No special ventilation requirements.

Hygiene measures: Wash hands, before eating or drinking.

Personal protection:

- **Eyes:** None recommended.
- **Hands:** None recommended.
- **Respiratory:** A respirator is not needed under normal and intended conditions of product use.
- **Skin:** No special protective clothing is required.

9. Physical and chemical properties

- **Appearance:** Oil.
- **Odour:** Characteristic.
- **Odour threshold:** Not applicable.
- **Colour:** Off-yellow to yellow.
- **pH:** Not applicable.
- **Melting point/freezing point:** Not applicable.
- **Initial boiling point and boiling range:** Not applicable.
- **Flash point:** Not applicable.
- **Evaporation rate:** Not applicable.
- **Flammability:** Not flammable under normal conditions.
- **Upper/lower flammability or explosive limits:** Not applicable.
- **Vapour pressure:** Not applicable.
- **Vapour density:** Not applicable.
- **Specific gravity:** 0.8-1.0g/mL at 20°C.
- **Solubility:** Insoluble in water.

- **Partition coefficient:** Not applicable.
- **Auto-ignition temperature:** Not applicable.
- **Decomposition temperature:** Not applicable.
- **Viscosity:** Oily thin.

10. Stability and reactivity

Stability: The product is stable under normal ambient conditions of 25°C and 101.3 kPa of pressure.

Conditions to avoid: None identified.

Materials to avoid: None identified.

Hazardous decomposition products may include the following material(s): None identified.

Hazardous Reactions: No hazardous reactions expected.

11. Toxicological information

Acute toxicity: No Data Available.

Skin corrosion/irritation: No Data Available.

Serious eye damage/irritation: No Data Available.

Respiratory or skin sensitisation: No Data Available.

Germ cell mutagenicity: No Data Available.

Carcinogenicity: No Data Available.

Reproductive toxicity: No Data Available.

Specific Target Organ Toxicity (STOT) – single exposure: No Data Available.

Specific Target Organ Toxicity (STOT) – repeated exposure: No Data Available.

Aspiration hazard: No Data Available.

12. Ecological information

Ecotoxicity data: There are no known ecotoxic effects.

Persistence/degradability: There is no known risk of persistence.

Bioaccumulative potential: There is no known risk of potential to bioaccumulate.

Mobility in soil: There is no known data about mobility in soil.

13. Disposal considerations

Methods of disposal: Do not reuse product containers. The generation of waste should be avoided or minimised wherever possible. Avoid dispersal of spilled material and runoff and contact with soil and waterways. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.

14. Transport information

Required labels: Not Applicable.

HAZCHEM code: Not Applicable.

Marine pollutant: Not Applicable.

UN number: Not Applicable.

UN proper shipping name: Not Applicable.

ADG environmental hazards: Not Applicable.

Special precautions for user: There are no special precautions to be undertaken by the user.

15. Regulatory information

There are no additional regulations on any substance within this product that are known.

16. Other information

Prepared by: Regulatory Affairs

Date of previous issue: None available

Change Made: None available

Definitions and abbreviations:

- ADG Code - Australian Transport of Dangerous Goods
- Adopted National Exposure Standard for Atmospheric Contaminants in the Occupational Environment
- Approved Criteria for Classifying Hazardous Substances
- List of Designated Hazardous Substances
- National Code of Practice for the Labelling of Workplace Substances
- National Code of Practice for the Preparation of Material Safety Data Sheets
- National Model Regulations for the Control of Scheduled Carcinogenic Substances
- National Model Regulations for the Control of Workplace Hazardous Substances
- Standard for the Uniform Scheduling of Drugs and Poisons
